

# LOWER LIMB NEUROVASCULAR CHART - INPATIENT

TASMANIAN HEALTH ORGANISATION

☐ North ☐ North West ☐ South

FACILITY:

PT ID	5	5	4	6	7	8	3	3	2	1
SURNAME	LAMBORGHINI						D.O.B. 15/ 02/1950			
OTHER NAMES	Marcella						SEX	F		
ADDRESS	28 Vista Rd, San Souci						MARITAL STATUS			
	NSW 2219						REL.			

INSTRUCTIONS - ALWAYS COMPARE WITH UNAFFECTED LIMB

Circle right or left limb. If both limbs affected use separate charts. Dot observations and join dots. N/A = Not Applicable... e.g. Plaster of Paris/Spint

Limb: Left / Right	Ward:	Frequency of observations:	Specialist:
--------------------	-------	----------------------------	-------------

Legend: > = greater than < = lesser than

BRANCHES OF THE LUMBO-SACRAL PLEXUS

DATE:		TIME:														MOTOR FUNCTION	
VASCULAR	COLOUR	Normal														 Dorsiflexion of ankle	
		Pale															
		Cyanotic															
		Mottled															
WARMTH	Warm															 Plantar flexion of the ankle	
	Cool																
	Cold																
	Strong																
PULSE	Weak															 Sensory Distribution	
	Non Palpable																
	N/A																
	Capillary Return																
MOVEMENT	FEMORAL	CONTRACT	Full													 Sensory Distribution	
		QUADRICEP	Limited														
		MUSCLES	None														
		N/A															
	PERONEAL	ANKLE	Full														
		DORSI-FLEXION	Limited														
		None															
		N/A															
	TIBIAL	TOE	Full														
		EXTENSION	Limited														
		None															
		N/A															
SENSATION	FEMORAL	ANTERIOR THIGH	Full													 Sensory Distribution	
		Tingling															
		Numb															
		N/A															
	PERONEAL	DORSAL WEB SPACE	Full														
		Tingling															
		1st & 2nd TOE	Numb														
		N/A															
TIBIAL	WEB SPACE	Full															
	Tingling																
	3rd & 4th TOE	Numb															
	N/A																
SENSATION	FEMORAL	SOLE OF FOOT / TOES	Full												 Sensory Distribution		
		Tingling															
		Numb															
		N/A															
TIBIAL	MEDIAL ARCH OF FOOT	Full															
	Tingling																
	Numb																
	N/A																
Pain present with passive motion of toes (Y/N)																	
Red/vas/Dors/vas Patency (tick=yes / cross=no)																	
INITIALS (Please initial each entry)
